

7pm-10pm

April 8th

Devhub Toronto 662 King St W #101, Toronto, ON

## **ABOUT THE CHARITIES**

Throughout this event, we will be raising money for Missing Children Society of Canada and Humber College Scholarship Fund.

Established in 1986, Missing Children Society of Canada has assisted police and families in active and ongoing searches for missing children by launching their unique and comprehensive programs, helping to bring answers and returning missing children to their families. For more information, please visit mcsc.ca

The Humber College Scholarship Fund monetary award is given to two students (one per session) that have continuously, throughout the year and during the Capstone project, demonstrated professionalism, work ethics, leadership and teamwork. The students are faculty nominated and selected at the end of the academic year. Nominated individuals are announced in May-June and awards are given during the Business School Award ceremony in February, the year after.
